

Robotics and Autonomous Systems Student Forum

CAS WINTER SCHOOL 2010

The Annual Robotics and Autonomous Systems Student Forum will be held at Australian Centre for Field Robotics (ACFR), University of Sydney on 8th–9th July, 2010.

The forum is hosted by ARC Centre of Excellence for Autonomous Systems (CAS). CAS conducts world leading research in many areas of robotics and artificial intelligence, and would like to invite high calibre, final year undergraduate and Masters students in Engineering and Physical Sciences to attend. Exceptional 3rd year students may also be considered.

On campus accommodation will be provided for all successful applicants. Travel awards will be provided to applicants within Australia only. For more details about the forum and the application process visit:
